

## TYPE 636-DC

## CROSSOVER GUIDE Hengstler to Honeywell

### Hour meter 37 x 24 mm / 1.45" x 0.95"

If you use a Honeywell or a Hobbs DC electromechanical hour meter, you can use this guide to identify an alternative in our 636 Hour meter range.

Please, check differences of specific product which you currently use and compare with Hengstler product datasheet. Differences can be in following specifications:

- Number of digits
- Digit colouring
- Supply Voltage
- Front plate print

Please, see Product datasheet for detailed specifications of Hengstler hour meters.

If you need any assistance, please contact our Technical support by phone or email. We will be glad to assist you in identifying the right product for you.

We will also be glad to offer you product customization according your needs in:

- Colour of digits
- Front plate print
- Company logo
- Connection

## 82 xxx Honeywell / Hobbs Series (2-screw mount)

Hengstler alternative part number: **0 636 001**

| Honeywell / Hobbs Part Number |          |
|-------------------------------|----------|
| 82000                         | 82334    |
| 82007                         | 82340    |
| 82014                         | 82370    |
| 82014-11                      | 82421    |
| 82025 - No holes version      | 82450    |
| 82031                         | 82450-83 |
| 82322                         | 82454    |
| 82325                         | 82454-14 |
| 82326                         |          |
