

Logic Valves & Flow Control

Pneumatic Non-Return Valve

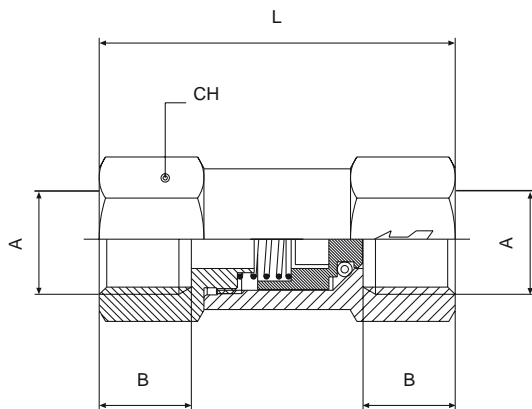

Technical information

Pressure range: 2 - 8 bar
Temperature range: -18°C...+70°C
Materials: Nickel plated brass
Operating medium: 5 micron filtered, lubricated or non-lubricated compressed air.

Symbol	Description	Ports	Order code
	Non-return valve (one way flow)	M5	VU05
	Non-return valve (one way flow)	G1/8	VU08
	Non-return valve (one way flow)	G1/4	VU04
	Non-return valve (one way flow)	G3/8	VU03
	Non-return valve (one way flow)	G1/2	VU02
