

PulseTech Micro Pneumatic Valves

Key Operated Actuators

Technical information

Temperature range:	Max. +55°C
IP Rating:	IP55
Housing:	High performance plastic material
Mechanical Lifetime	500,000 actuations

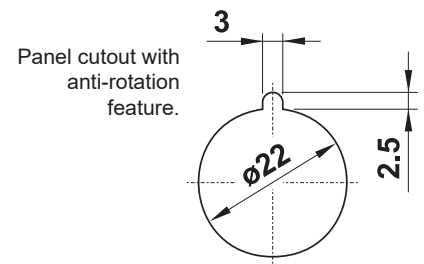

Other information

Minimum order quantities may apply.
 Keys are retractable in the positions stated.
 Keys are universal and not unique to each key operator.
 Spare keys are not available as spares.
 Two keys are provided with each operator.

Description	Key information	Function	Order code
Key operated selector two positions [bistable]	Key removable in 0 position only	0 1	PT.00.58.7.00
Key operated selector two positions [bistable]	Key removable in all positions	0 1	PT.00.58.7.10
Key operated selector three positions [bistable]	Key removable in 0 position only	2 0 1	PT.00.58.8.00
